MEMORANDUM FOR: Deputy Director (Intelligence)

THROUGH: [REDACTED] 25X1A9a

SUBJECT: Seaborne Infiltration of Personnel and  
Supplies Into South Vietnam

1. You will recall at the Assessments Panel meeting yesterday it was generally agreed that we should comply with [REDACTED] request not to publish our paper on "Seaborne Infiltration of Personnel and Supplies into South Vietnam" in view of the fact that this material is being incorporated in a study recently laid on by USIB. I understand, however, that the USIB report will be finished no earlier than 1 October. 25X1A9a

2. Mindful of the urgent need for this kind of material, I suggest that the attached report be disseminated immediately, in some form, to the key people around town who have the greatest need for it. The attached paper is on mats but has not been put into final format. We could send this out if you like as a working paper with a covering note from you, noting that it represents a contribution to the USIB paper and warning that it has not yet been coordinated. Alternatively, we could pass it even less formally under the table to selected individuals; or, finally, we could simply publish it as a regular economic memorandum with a foreword cautioning the reader with respect to the absence of any coordination.

3. Whatever we do, I would strongly recommend we pass this material as quickly as possible to the people around town presently seized with this problem.
